Aguardio G2

07:34
minutter

Reduce your environmental footprint and save cost

Create Sustainable Behaviour Change

Nudge your customers to reduce their time under the shower reducing water and energy consumption leading to lower carbon emission

Plug & play solution, installed in literally minutes independently of water and energy installation

More than a physical device, Aguardio G2 is an earlier warning system of your bathroom's health predicting the risk of mould

Powerful data for optimizing hotel operations, internal benchmarking and environmental reporting independently of the wifi

No battery or device management, Aguardio replace Aguardio G2 every fifth year, ensuring recycling of batteries and electronics

Get a greener profile and more satisfied customers

6 CLEAN WATER AND SANITATION

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

13 CLIMATE ACTION
