

JOIN OUR SOLUTION SCOUTER COMMUNITY

The Solar Impulse Foundation (SIF) is selecting **1000 Solutions** that protect the environment in a profitable way and awarding them the Solar Impulse Efficient Solutions Label.

To support this challenge, we are looking for volunteer Solution Scouters to identify emerging clean technologies across the world and build excitement and interest around our Efficient Solutions Label!

Our aim is to build strong partnerships across geographically dispersed stakeholders and to guide them through the submission process to apply for the Efficient Solutions Label.

ARE YOU READY TO JOIN THE SOLAR IMPULSE FOUNDATION AND HELP US FIND #1000SOLUTIONS FOR A CLEANER FUTURE?

What you'll do as a Solution Scouter?

- Actively promote the mission of SIF where relevant by using communication material that will be provided to you
- Post and share Solutions recruitment content to support the promotion of the Label to cleantech innovators in your network – Share SIF social media content on a regular basis to raise awareness of the Label and the #1000Solutions
- Be the first point of contact for prospective Solution applicants; encourage and plan a first meeting with the Solar Impulse Foundation (SIF) team
- Stay in touch with our team and your peers by participating to our monthly webinars

Who you are?

- You have a career aligned with our SDGs (energy, water, cities, infrastructure, agriculture, circular economy) and a strong network within the cleantech ecosystem (e.g. working for a national/ regional trade and investment organisation, cleantech entrepreneurs, cleantech investors, green innovation hubs) – around 500+ connections on LinkedIn
- You are a proactive and engaged individual with strong interpersonal skills
- You are active outside of Europe, or you have the ability to perform outreach activities outside of Europe (desired, not essential)

What are the Benefits?

- Share your experience within your LinkedIn network by officially linking your profile with the SIF page
- Grow your network and presence in the cleantech sector
- Become part of an exclusive community with networking opportunities
- Be part of an exciting movement tackling the greatest challenge of our time
